

NEW!

ART CLASSES FOR SUMMER & AUTUMN 2015

STARTING THE WEEK OF JUNE 8TH

**LEARN NEW TECHNIQUES AND FURTHER YOUR KNOWLEDGE
WITH ESTABLISHED ARTIST & TEACHER, KITTY STIRLING.**

ALL ABILITIES WELCOME, NO EXPERIENCE NEEDED

THE CLASS

The class will run on weekday mornings at my studio in West London.

The days of the week are currently flexible to suit demand.

The classes will cover both drawing and painting. I will set objectives each week and give you a short list of media you will need to begin with.

I teach drawing and painting using traditional and experimental media, methods and techniques.

Charcoal, graphite, ink; oils, acrylic, watercolour and collage; brushes, palette knives, spray paint and dripping; working to music and movement.

I teach the theory of colour, colour mixing, tone and mark-making for all media.

These classes are for beginners who want to learn new skills and for those who want to extend their artistic repertoire.

The cost per class is £40 per hour.

You can choose to come between 2/3/4 hours.

There is capacity for 6 people, so it is essential to book if you want to be sure of a place.

Those who choose the 4 hour slots can book bundles in advance at a reduced fee. A reduction will also be given for group bookings, e.g. a group of friends.

THE STUDIO

A very attractive, spacious and light studio set up for teaching, ten minutes from Shepherd's Bush by car or easily accessible by public transport. Restricted spaces are available for free parking or there are parking meters close by.

THE TEACHER

I am a practicing, established artist and a trained teacher.

I have fifteen years of art teaching experience working in colleges, tutoring private groups and running regular private classes. I teach large groups, small groups and individuals. I also organise and run painting holidays at home and abroad. I welcome beginners, mixed ability students and aspiring artists.

THE TEACHING

I teach the fundamentals of drawing and painting as well as advanced techniques and considerations for making a finished work.

I draw on a wealth of artists for ideas and inspiration and encourage students' creative input and ideas.

STUDENT'S TESTIMONIALS

'This is a great class with a brilliant teacher and great student camaraderie.'

'Hugely stimulating course which stretched my ability and understanding of painting.'

'I learnt alot about technique that I never knew. I realised how 'unfree' I still am!'

'This has been an eye opening term with brushwork and transparent build up, layered washes. This will set me up for so many projects.'

'Colour mixing is now a pleasure having overcome the uncertainty of colour values.'

'My understanding of what makes a good painting has taken a quantum leap.'

'This term has introduced me to many new and fascinating concepts integral to a successful painting.'
