THE TEACHER

I am a practicing, established artist and a trained teacher. I have fifteen years of art teaching experience working in colleges, tutoring private groups and running regular private classes. I teach large groups, small groups and individuals. I also organise and run painting holidays abroad. I welcome aspiring artists, beginners and mixed ability students.

THE STUDIO

A delightful private garden separates the house from the painting studio. There is stunning scenery of the surrounding Quantocks and the coastline which we will draw from to paint and enjoy.

THE TEACHING

I teach the fundamentals of drawing and painting as well as advanced techniques and considerations for making a finished work. We will cover colour, tone, line and brushwork with the use of different media: Pencil, charcoal, watercolour, gouache, collage, oil and acrylic. I draw on a wealth of artists for ideas and inspiration and encourage students' creative input and ideas.
